

FLAG RETIREMENT

The United States of America is an amazing country that is truly the land of the free and the home of the brave. Our United States Flag represents all that is the U.S.A. and is something that deserves to be treated as such. Once an old flag has served it's purpose it must be replaced by a new one. At the end of the flags service your local Boy Scouts of America troop, Troop 23, would like to have the honor of properly retiring your old flags for you. We charge NOTHING to do so, and we ensure that all flags are retired both respectfully and correctly. In order to drop off your flag please go to the Strafford town hall located at 1079 Parker Mountain Road in Strafford, NH. We thank you very much for your support, and we hope that the BSA Troop 23 may be able to do this for many years to come.
