Dan Conway and Jim Andersen, representing the Recycling Center were in attendance to discuss the hours of operation at the Recycling Center and staffing concerns. Sunday operations at the Recycling Center had been cancelled due to lack of staffing availability on Sundays; Tuesday evening hours had been substituted in their place. This change was not well received by residents. In response, the Selectmen had reconsidered that decision, but the staffing details had not been reviewed or worked out. In the discussion with Mr. Andersen and Mr. Conway, it was determined that limited available staff would be able to oversee operations if the Recycling Center were to be open on Sundays for ONLY trash and paper, glass and plastic recycling. All other services will be available only on Wednesday and Saturdays. It was moved and seconded and unanimously voted in the affirmative to proceed with Sunday opening for only trash and paper, plastic and glass recycling. The Selectmen will handle notifying the public via the Town website, the Community Calendar (if possible), Facebook and handling out flyers at the Recycling Center. The Selectmen will continue to advertise for additional attendants and will revisit the situation if a full staff becomes available. Finally, general operations were briefly discussed.
