To the Strafford Zoning Board of Adjustment

RE: Barry and Julie Schraufnagel Variances and Special Exception Applications

My name is Christopher J. Clery. I live at 27 Lake Shore Drive, next to the Schraufnagels. I am a direct abutter to them.

I would like the members of the Board to know that I strongly support Barry and Julie Schraufnagel with their request for wetland variances and their Accessory Dwelling Unit addition. As I understand it, this addition would allow their daughter and her young family to live here with her parents and be able to help her parents as the years go by.

I sincerely hope that the board approves their applications.

Barry and Julie are good neighbors and friends. We would welcome the opportunity to have their daughter and son-in-law as new neighbors, knowing that they would help make it possible for Barry and Julie to remain in their home at 15 Lake Shore Drive, for many years to come.

I will do my best to be at the April 18 meeting to support them. I hope the Board will grant their requests.

Sincerely,

Christopher J. Clery
