

Green Committee Meeting June 16, 2026

Attendees: Hammond Brown, Kimberly McGlinchey, Rick Cecchetti, Lynn Cecchetti, Jay Schaefer

Guest Speaker: Katrin Kasper, Clean Energy NH

- Energy audit should be done - when was the last one done?
- LED lighting - has this been done? Specific for the school, this is the last year for the funding on this.
- Own or lease - lease creates about 10-15% off bills with no money up front
- Below 5 megawatts total amount of municipal solar production
- Above 5 megawatts are for commercial only
- Solar audit needed
- Set up solar panels on Carport option
- Revision Energy / 603 solar / Barrington Solar
- Prime sites to have reviewed: school, town hall, transfer station?
- Strong message - locally made energy

NEXT STEPS

- Katrin Kasper will check in on past audits
- The School Board will need to be contacted for permission to have a solar evaluation on site.
- Rick Cecchetti will reach out for remote solar evaluation using GPS .

Old Business

No old business
