It is the moderator's job to ensure that votes are accurately counted (RSA 659:60). Town or City: Strafford Ward: X County: Strafford

Moderator: Ralph Wegner Clerk: Terri Marsh

Part I - Reconciliation

Compare the Sum of all Votes, and the Voter Participation/Voters Checking-In, to the Ballots Cast (from A, B, and C in PART II)

These three numbers below should all be equivalent. Differences may indicate a tallying error. Consider the size of any difference in light of the closest outcome, race, or question. Either do further work to resolve/reduce differences or finalize the results knowing the differences exist. Announce the differences when announcing the results. This allows those considering requesting a recount to know about what differences exist.

A	SUM OF ALL VOTES	567
B	VOTER PARTICIPATION	567
C	BALLOTS CAST	567

Part II

A SUM OF ALL VOTES*

Pick two races and one question in which the most voters typically vote. For each race/question, add the number of votes, plus the number of write-in votes, plus the number of undervotes, plus the number of overvotes. The sum of all votes for each "vote for not more than 1" race/question should be equivalent. Significant differences may indicate a tallying error and further work is needed. Enter the sum of all votes for one of the races selected in the box to the right.

Race selected: Governor

567

B VOTER PARTICIPATION

Enter the number of voters marked as having voted on the checklist. Alternatively, if an electronic poll book is used, add the total number of voters checked-in from the poll pad's report plus a hand count of voters added to the paper checklist instead of checking-in with the electronic poll book.
