POST-ELECTION CERTIFICATE & BALLOTS CAST

FOR LOCAL ELECTION ON March 10, 2026
(RSA 659:73 applied to local elections by RSA 669:25)

Moderators are required to submit this worksheet to their town or ward clerks within 48 hours of the closing of the polls (RSA 659:73). Completing this record on election night as part of reconciliation will help ensure the results you announce are accurate. It is the moderator's job to ensure that votes are accurately counted (RSA 659:60).

Town or City: Strafford Ward: — County: Strafford

Moderator: Ralph Wegner Clerk: Terri Marsh

Part I - Reconciliation

Compare the Sum of all Votes, and the Voter Participation/Voters Checking-In, to the Ballots Cast (from A, B, and C in PART II)

These three numbers below should all be equivalent. Differences may indicate a tallying error. Consider the size of any difference in light of the closest outcome, race, or question. Either do further work to resolve/reduce differences or finalize the results knowing the differences exist. Announce the differences when announcing the results. This allows those considering requesting a recount to know about what differences exist.

A	SUM OF ALL VOTES	665
B	VOTERS CHECKED-IN	665
C	BALLOTS CAST	665

Part II

A SUM OF ALL VOTES

Pick two races and one question in which the most voters typically vote. For each race/question, add the number of votes, plus the number of write-in votes, plus the number of undervotes, plus the number of overvotes. The sum of all votes for each race/question should be equivalent. Significant differences may indicate a tallying error and further work is needed. Enter the sum of all votes for one of the races selected in the box to the right. Race selected Moderator

665

B VOTERS CHECKED-IN

Enter the number of voters marked as having voted on the checklist. Alternatively, if an electronic poll book is used, add the total number of voters checked-in from the system's report plus a hand count of voters, for example election-day registrants, who voted but were added to the paper checklist instead of checking-in with the electronic poll book.
